Denise,

In response to MCAQD Complaint 260802, the Complainant requested I submit a related complaint to Environmental Services Dept. Complainant stated prior complaint to Environmental Services did not result in a return call.

Complaint details are regarding the Complainant's own residence's well water. CC stated tested well water in 2009 in which results were slightly over the allowable animal feces. CC states due to the additional Hickman's facility in Tonopah, CC fears the well water may be adversely affected.

CC requested a complaint be submitted to Environmental Services and contact be made with him.

I attempted but failed to submit a complaint to Environmental Services Dept, and would be grateful if you could help me.

I would be grateful for you to report to me the Complaint Number obtained from Environmental Services.
